the first full length book devoted to japan s 1994 nobel laureate the marginal world of kenzaburo Ôe introduces the literary universe bursting with the explosive energies of bakhtinian grotesque realism in its center stands the idiot son a trickster and soulful healer unknowingly thrown into the world of myth making and history the diverse voices of Ôe s characters resonate with one another within and between reinvented texts as the book s analysis flow into the very pores and veins of his masterful writing

in the goslings a study of the american schools upton sinclair offers a rigorous critique of the education system in the united states underscoring the insidious influence of corporate interests on the structure and objectives of american schooling writing with the analytical precision and fervent prose that mark his renowned literary style sinclair s work situates itself in a broader social commentary on american capitalism and its pervasive impact on societal institutions including education his methodical dissection of curricula and political maneuvers within the education sector reveals a system more attuned to preserving corporate hegemony than nurturing the intellect and welfare of children sinclair s exposé responds to dr tildsley s 1922 controversial assertion serving as both a factual account and an impassioned call for reform upton sinclair a pulitzer prize winning author and muckraker is celebrated for his commitment to social justice and his novels that reveal the struggles of the working class against corporate powers sinclair s personal dedication to these issues was not merely academic he ran for public office and was often at the forefront of political activism this background imbues the goslings with a sense of authenticity and urgency as he channels his own experiences and observations into a compelling argument against the commodification of american education the goslings is essential reading for educators sociologists and historians alike it offers a timeless reflection on the purposes of education and a provocative examination of how society s most integral institutions can be co opted by powerful entities readers seeking an in depth understanding of the historical and ongoing challenges faced by the american education system will find sinclair s thorough analysis and eloquent advocacy both enlightening and galvanizing the book stands as a testament to the enduring need for vigilance and reform in educational policymaking

academic paper from the year 2019 in the subject psychology personality psychology language english abstract in the present research study an attempt was made to understand the psychology of professional jealousy among the teachers jealousy is an emotion and typically refers to the negative thoughts and feelings of insecurity fear and anxiety over an anticipated loss of something that the person values such as a relationship friendship or love research has identified a number of factors associated with jealousy although both women and men experience jealousy there are differences in the ways they experience and react to it main objectives of the study were 1 to find out the teachers who have professional

jealousy 2 to find out the situations that generates the professional jealousy 3 to find out the causes of jealousy 4 to enlist the symptoms of jealous behavior of colleague covert participant observation method was used for the study jealousy was found to be more in the teachers who are ambitious struggling high to achieve worthy position having average or below average level academic performance main causes of jealousy were found in the organization when someone they hate succeeded managed to get something and they thought that he didn t deserve it achieved something that that had always wanted to achieve but didn t manage to get it lack of self confidence poor self concept fear insecurity are the possible root causes for jealousy the symptoms that indicates that colleague is jealous of you are they avoid you they spread rumours about you they avoid making eye contact with you not acknowledging your presence not invited to social events they don t ever include you in their office humours envy is a universal trait however if left unchecked in the workplace it leads to problems
