this book covers moral philosophy from the ancient times to the modern concepts of professional ethics its all embracing practical nature links it with many other areas of study including anthropology biology medicine economics history politics psychology sociology and theology

the international bestseller from the timeless wisdom of ancient greece through to christianity the enlightenment existentialism and postmodernism a brief history of thought brilliantly and accessibly explains the enduring teachings of philosophy including its profound relevance in today s world as well as its essential role in achieving happiness and living a meaningful life this lively journey through the great thinkers challenges every one of us to learn to think for ourselves and asks us the most important question of all how can we live better

many in continental philosophy of religion aver that we are in a new moment one where the intellectually marginalized and religiously bastardized traditions of mystical intuitive and esoteric apprehensions must be re articulated and appreciated anew in an era marked by catastrophic events and atrophied cultural institutions what seems to be needed is an affirmation of the human potential to truck with non human or even inhuman forces and intentions at scales of speed slowness or intensity that break with consensual conceptions of human limitations the essays in this volume outline patterns of mind and mortality existence and ecstasy creativity and expression political possibility and religious matrix from a position that takes quite seriously possible relations with the absolute however enigmatic that modernity has denied and postmodernity has obscured in the name of academic skepticism and humanist reservations beyond post modernist pastiche and post secular nostalgia these essays explore the potencies of archaic spiritual disciplines as well as the passions driving the mystical heretical and gnostic intimations riddling contemporary relations with the absolute

philosophy is the quest for a life that is fully alive drawing on the insights of philosophers through the ages the way of philosophy clarifies what it means to live life intensely it exposes the shallowness of conventional wisdom by asking such questions as can science know everything should we do it if it feels good is beauty in the eye of the beholder is life about creating ourselves is love supposed to be selfless can we ignore death if god exists why is he hiding philosophers invite us to go down deep and live a life in light of truth goodness and beauty if we tread this path we can discover for ourselves the hidden source of the philosophical life in the unending wellspring of wonder

the main purpose of this book is to analyse the philosophical ideas employed by jean paul sartre in his philosophical fiction titled nausea 1938 sartre tries to convey some of his philosophical concerns through this novel although the philosophical ideas are conveyed in the novel these are not as vivid as could be in a philosophical texts the transcendence of the ego 1936 being and nothingness 1943 the significance of this work however lies not on understanding the philosophical concerns in isolation but in employing the same in the form of a literary work and certain literary technique in pseudonymous plays or names sartre engages with pseudonymous play of protagonist and many other characters in his semi autobiographical novel nausea as he also says by himself in his later publication of autobiographical work the words 1946 and first undated sheets of the novel nausea where he laments his constant confrontation with difficult situations of lived experience
