from the back cover subject to shifts of political mood portrayed by the media as lazy and incompetent hobbled by central agency regulations criticized by auditors general public service managers have a tough time of it is the good manager one who follows the rules or the one who ignores lines of authority to get things done is the official who stays within the budget but doesn t deliver the program a better manager thlan the one who blows the budget but provides the public with a needed service this book one of very few on public sector management suggests how to improve the system and foster management excellence

the primary aim or purpose of this book is providing a methodology for creating a coachsystem cs in an organization this book is

also not necessarily a skills and practices book there are many great coaching skills and practices books available for developing coaching ksa s but hardly anything on what coaching can do for and to organizations this book also provides a method to take coaching to the line the bottom line in organizations all the way to the customer interface it provides a simple yet effective model of coaching that anyone can learn in a few minutes and then proceed down a path of mastery over time to creating organizational effectiveness clearly this book lays out for you a coaching methodology you can teach to your line managers or use with your customer service department even your kids it helps you build a coachsystem integrating coaching into your organization at every level the book is about creating outcomes for the individual and the organization that lead to well being purpose competence and awareness it is based on proven methods of improving performance creating generative rather than destructive change and facilitating individual and organizational transformation

chartered accountant and small business expert whitely shows how to manage a small business successfully through accounting techniques and how to accurately measure its achievements

strip out all the flash talk and pretty posters and you ll find that marketing is all about cash either finding where it is and how to get a bigger share of it or spending it in an attempt to generate more of it both fairly hard measurable results driven functions and yet for years while other departments have been subjected to intense scrutiny on their contribution to shareholder value marketing have been able to make jokes about not knowing which 50 of their work produced the results not any more marketing isn t a special case it isn t different and it certainly isn t impossible to measure it s an investment unless you can measure its impact you re wasting your money here for the first time is a book that explains the why as well as the what and the how of marketing metrics an excellent book thoughtful and informative it will open the minds of board members to the fact that marketing s value can and should be measured the data produced is a vital indicator of a company s health mike mawtus vice president ibm euro global initiatives i hate this book it will only encourage the accountants anne moir head of marketing quadriga worldwide this book should be required reading for all board directors it shows why marketing underpins shareholder value creation and how marketing efectiveness should be measured and monitored professor peter doyle warwick business school

above and beyond the bottom line the extraordinary evolution of the education business manager provides insights into the dynamic evolution and growing importance of education as business and the rise of the education business manager now a vital member of educational leadership teams the business manager is no longer an invisible back office employee who balances the

books the role is highly complex and accountable and the scope of the work wide ranging and changeable education business managers are professionals holding knowledge skills and ideas that increase organisational capacity viability and provision and enable other educational leaders to focus on learning and teaching building on research from around the world this book fills a huge gap in our understandings about educational leadership in its most comprehensive sense while discussing current issues and considerations for the future above and beyond the bottom line is an invaluable resource for business managers from all education settings schools universities kindergartens training colleges and their professional associations educational leaders and councillors education policymakers advisors and auditors and scholars and researchers interested in finding out about the extraordinary developments occurring behind the scenes in educational leadership management and administration

with recent changes in the way the insurance industry sells coverage small businesses have been left alone to answer questions about what coverages to buy or avoid this book helps owners and managers decide what kind of business insurance they need and how to buy it cost effectively

how did the business of professional baseball fare during world war ii the sport like many nonessential industries struggled to find its place in society during a time of war the men who ran the game faced government interference and manpower shortages that threatened to shut down their businesses for the duration and they had to balance the need to show a patriotic front to the public while at the same time protecting their investments archival and primary sources provide insight into the perceptions of the major league owners and an understanding of how most of them were able to keep their businesses profitable while the nation fought an enormous two front war
